Carnegie Science Center
March 25, 2020

The Covestro Pittsburgh Regional Science & Engineering Fair (Covestro PRSEF) will be held on March 25 (competition day) and March 26 (awards ceremony). Students in grades 6-12 are eligible to compete. Students will:

- Complete an independent research project
- Compete for college scholarships
- Win cash prizes
- Meet scientists and engineers
- Learn about careers
- Share interests with peers
- Visit Carnegie Science Center
- Have fun

In 2020, Covestro PRSEF will celebrate its 81st year of open competition of research projects in the fields of science, mathematics, and engineering on March 25-26, 2020 at the Carnegie Science Center. More than 1,000 students research a topic, present their results on a poster board and speak to judges who include the area’s most distinguished scientists and engineers. Nearly 500 awards are presented and nearly 30% of the students win an award. Students in grades 9-12 are eligible to compete at the International Science & Engineering Fair (ISEF). Winning middle school students are nominated for the Broadcom MASTERS Middle School Program. Visit www.pittsburghsciencefair.org for more information. Register your school or become a volunteer today!
