Covestro Pittsburgh Regional Science & Engineering Fair

Heinz Field – Club Levels
March 29-30, 2019

Get Involved!

The Covestro Pittsburgh Regional Science & Engineering Fair (Covestro PRSEF) will be held on March 29 (competition day) and March 30 (awards ceremony). Students in grades 6-12 are eligible to compete. Students will:

- Compete for nearly \$1 million in college scholarships
- Win cash prizes
- Meet scientists and engineers
- Learn about careers
- Share interests with peers
- Visit Carnegie Science Center
- Have fun

In 2019, Covestro PRSEF will celebrate its 80th year of open competition of research projects in the fields of science, mathematics, and engineering on March 29-30, 2019, in the club levels of Heinz Field. More than 1,000 students research a topic, present their results on a poster board and speak to judges who include the area's most distinguished scientists and engineers. Nearly 500 awards are presented and one-third of the students win an award. Students in grades 9-12 are eligible to compete at the Intel International Science & Engineering Fair (Intel ISEF). Middle school students are nominated for the Broadcom MASTERS Middle School Program. Visit www.pittsburghsciencefair.org for more information. **Register your school or become a volunteer today!**
