

**Did you love our Jurassic Pie show in the Kitchen Theater? You can whip up some edible evolution too! Just follow the recipe below and gobble up some Jurassic Pie.**

### **Jurassic Pie**

#### **Ingredients:**

*Layers of "Earth"*

|                     |                                 |   |
|---------------------|---------------------------------|---|
| Pennsylvania Period | peat and coal                   | 4 cups prepared chocolate pudding<br>10 Oreo cookies coarsely crushed               |
| Triassic Period     | shale, limestone, and sandstone | Neapolitan ice cream<br>(1 scoop each flavor)                                       |
| Jurassic Period     | Jura Mountains                  | 1 cup Nilla <sup>®</sup> Wafers coarsely crushed                                    |
| Cretaceous Period   | Inland Seas                     | 2 cups blue colored whipped topping<br>(optional Swedish fish)                      |
| Ice Age             | Glaciers                        | 1 cup mini-marshmallows   |
| Today               | Top Soil<br>Grass               | 1 cup finely crushed Oreos <sup>®</sup><br>(optional green sprinkles or jimmy jams) |

#### **Instructions:**

- Place each layer in a clear glass bowl. Because the Earth is constantly changing and moving, the layers become mixed.
- Use a large spoon or potato masher to swirl layers together!
- Eat, enjoy, and talk with a friend or sibling about the different periods in history!
