**ELEMENTARY STUDENTS EXPERIENCE VIRTUAL STEM FIELD TRIPS**  
**TO CARNEGIE SCIENCE CENTER**

***THIS MARCH, STUDENTS IN GRADES 1–5 WILL EXPLORE STEM WITH A WEEK  
OF LIVE PROGRAMS, DEMOS, AND ACTIVITIES***

**PITTSBURGH, Feb. 18, 2021** — Next month, students in grades 1–5 will engage with science, technology, engineering, and math like never before with **STEM Adventure**, a week-long educational event that will virtually bring Carnegie Science Center’s galleries into classrooms across the nation.

On Mon.–Fri., March 15–19, 2021, the Science Center will broadcast live science demonstrations, interviews with STEM professionals, and exciting activities and programming created specifically for elementary students. Each day will focus on a different scientific topic, including astronomy, health, local wildlife, sports, and robotics.

Schools can book STEM Adventure through March 8, 2021 by calling 412.237.3400. Scholarships may be available for qualifying schools. Learn more at: <https://carnegiesciencecenter.org/educators/themed-field-trips-stem-adventure/>

In addition to STEM Adventure, Carnegie Science Center offers a wide variety of virtual STEM programs that have reached thousands of K–12 students in the past year. These programs include [Exhibit Explorations](#) virtual field trip experiences, Science on the Road [virtual assemblies](#) and [STEM-by-the-Hour programs](#), and [virtual maker workshops](#) from the BNY Mellon Fab Lab Carnegie Science Center.

STEM Adventure is powered by the Duquesne Light Co. Center for STEM Education and Career Development.

#### **About Carnegie Science Center**

Carnegie Science Center is dedicated to inspiring learning and curiosity by connecting science and technology with everyday life. By making science both relevant and fun, the Science Center's goal is to increase science literacy in the region and motivate young people to seek careers in science and technology. One of the four Carnegie Museums of Pittsburgh, the Science Center is Pittsburgh's premier science exploration destination, reaching more than 700,000 people annually through its hands-on exhibits, camps, classes, and off-site education programs.

#### **About Carnegie Museums of Pittsburgh**

Established in 1895 by Andrew Carnegie, Carnegie Museums of Pittsburgh is a collection of four distinctive museums: Carnegie Museum of Art, Carnegie Museum of Natural History, Carnegie Science Center, and The Andy Warhol Museum. In 2016, the museums reached more than 1.4 million people through exhibitions, educational programs, outreach activities, and special events.
